## FEATURES

nofrost

### NoFrost

Keeps food fresher for longer periods. Eliminates ice and bacteria build-up, avoids unpleasant fridge odors.

duocycle

### Duocycle

Certain Blomberg fridge freezers are equipped with an advanced no frost technology, which provides more homogenous, energy - efficient and silent cooling. There is no air transfer between the freezer and fresh food compartments. This eliminates odor mixing.

hygiene+

### Hygiene+

Photo catalyst carbon filter, eliminates bacteria, reduce fridge odour and ensures hygiene. The carbon filter can be reactivated easily, with just one day's exposure to sunlight.

LED illumination

### White Led Lightning

White LED provides a more aesthetic look inside your fridge and less energy consumption

hygAIR

### HygAIR

Eliminates airborne bacteria and odor forming molecules, by producing natural negative ions. And food stays fresher for longer.
