

BE1-48RC-N

## 48" Grill, Rotisserie and Charcoal

Series 9

This Built in 48" Grill provides the ultimate grilling space for premium outdoor kitchens and will take your grilling experience to the next level.

Brushed Stainless Steel

### Dimensions

Depth	26 7/8"
Height	27 1/4"
Width	47 15/16"

### Features & Benefits

#### Extra cooking area

More room when cooking for a crowd with a secondary cooking space that can fit a broiling pan for slow cooking, roasting, sauces, or to keep food warm after searing.

#### Intuitive lighting

Brilliant 12 volt lighting safely illuminates what you're cooking while emitting a welcome glow around the whole grill. Bezel lighting on dials glow white when the lights or grill are on, and orange when the gas and grill are working.

#### Charcoal smoker tray

Enjoy smoky barbecue flavor with the ease of instant gas flame ignition. Grill directly on the cooking grate or add wood chips for more smoke. A W-shaped tray with adjustable vents helps the charcoal last longer.

#### Heavy duty infrared rotisserie

An infrared rotisserie burner provides controlled searing heat up to 18,000BTU. The heavy-duty motor easily turns a 50lb load, ideal when cooking for a big crowd. The rotisserie rod is conveniently stored under the drip pan handle.

#### Easy lifting hood

With extra space under the hood for extra large food items, the hood can be smoothly opened, using one hand, to a full 90° for better access and visibility when cooking.

#### Storage for racks and tools

The 6" storage accessory extends your grill to fit a 42" or 54" space. It bolts seamlessly onto either side of the grill to store racks, grates and tools. This accessory is sold separately.

### Specifications

#### Cooking surface area

Cooking surface area	1593sq.in.
Primary cooking area	855sq.in.
Secondary cooking area	738sq.in.

#### Finish

Built in	•
Finish	304 grade stainless steel
